

I am writing this in regards to the LPFM taking priority over FM translators. I think this would be a big mistake. AIR 1 would be particularly hurt by this because it is a nationally listened to radio station. As a resident of Riverside County I can listen to AIR 1 where ever I go. It provides spiritual, wholesome, integrity, positive character based, and uplifting music and staff that provide support to all of their listeners. This station is essential to the community. It provides those nationally and internationally (through the internet) the message of hope and salvation that is so necessary for our society and its moral decay. Taking AIR 1's sphere of influence away would hurt many people whose only daily encouragement comes from this radio station. Being a person who has other sources of hope and encouragement, I would still be hurt by this because it is something I can turn to any time of day or night and be encouraged that all good things are not lost and that I am loved. It is in the public's interest to keep AIR 1's service as it is. There is not much to listen to that is not filled with profanity and sexually explicit material, things that our youth does not need to hear. They need to hear positive messages of God's encouragement through positive music and staff of Air 1. I hope you take this to heart in your decision. In Jesus's Name.
